AMENDMENT UNDER 37 CFR 1.116

Sir:

This amendment is tentatively submitted under 37 CFR 1.116 in response to the Office Action mailed 31 May 2005 for the above patent application.

The 31 May 2005 Office Action is unclear as to the status of the above application. The first page of the 31 May 2005 Office Action specifies that "This action is **FINAL**". However, nowhere does the body of the 31 May 2005 Office Action indicate that it is indeed a final action. Contrary to what is specified in the Manual of Patent Examining Procedure, the body of the 31 May 2005 Office Action does not include Form Paragraph 7.39 advising Applicant of the restrictions that apply in the event of a final office action.

Due to the unclear status of the above application, the status should be returned to non-final status in which amendment of the application is not limited by 37 CFR 1.116. In view of this, please amend the above application in the following manner.
